High-Grade Metal Products and Materials

Net Sales by Business Segment

[Year ended March 31, 2010]

Sales and Operating Income (¥ million)

Business Units and Major Products

• Specialty Steel Company

- High-grade specialty steels [YSS™] (molds and tool steels, alloys for electronic products (display-related, semiconductor and other packages), industrial equipment and energy-related materials, razor and blade materials), precision cast components

• Roll Company

- Rolls for steel, nonferrous and non-metal applications, injection molding machine parts, structural ceramic products, steel-frame joints for construction

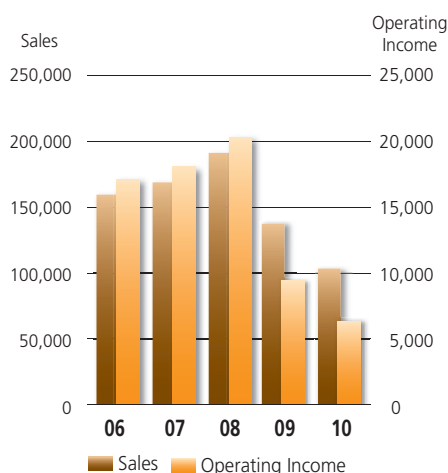

• Hitachi Tool Engineering, Ltd.

- Cutting tools

Electronics and IT Devices

[Year ended March 31, 2010]

• NEOMAX Company

- Permanent magnets (rare-earth magnets [NEOMAX®], ferrite magnets, other permanent magnets and applied products)

• Information System Components Company

- Components for information and telecommunication equipment (multilayered devices, isolators), IT materials and components, materials and components for medical equipment, soft ferrite core and applied products, nanocrystalline magnetic material [FINEMET®] and applied devices, amorphous metals [Metglas®] and applied products

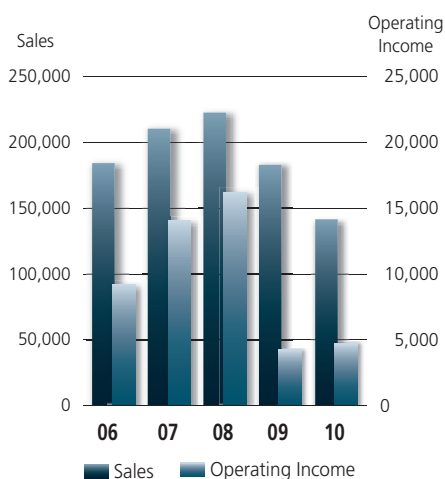

• Soft Magnetic Materials Company

- Amorphous metals [Metglas®]

High-Grade Functional Components and Equipment

[Year ended March 31, 2010]

• Automotive Components Company

- High-grade casting components for automobiles (heat-resistant exhaust casting components [HERCUNITE®], ductile iron [HNM™], aluminum wheels [SCUBA™], other aluminum components)

• Piping Components Company

- Piping and infrastructure components (Gourd® brand pipe fittings, stainless steel and plastic piping components, water cooling equipment, precision mass flow control devices, sealed expansion tanks)

• Hitachi Metals Techno, Ltd.

- Construction components (access floor systems, structural systems, material handling systems)

Notes: 1. In addition to the above business segments, Hitachi Metals also operates a Services and Other segment, which accounted for ¥58,616 million of sales in the year ended March 31, 2010. Eliminations and corporate assets at March 31, 2010 totaled ¥65,429 million.
2. In the graphs above, sales figures and percentages are based on each segment's sales, including intersegment sales.
