

New Growth Driven by Sustainable Development

Business Segment	Business	Principal Products
High-Grade Metal Products and Materials	High-Grade Metals Company	
	Specialty Steel	<ul style="list-style-type: none"> YSS™ brand high-grade specialty steel products (molds and tool steel, alloys for electronic products [display-related materials and semiconductor and other package materials], materials for industrial equipment [automobile-, aircraft-, and energy-related materials], and razor and blade materials) Precision cast components
	Rolls	<ul style="list-style-type: none"> Rolls for steel mills Injection molding machine parts Structural ceramic products Steel-frame joints for construction
	Amorphous Metals	<ul style="list-style-type: none"> Metglas® amorphous metals
Magnetic Materials and Applications	Magnetic Materials Company	
	Magnets	<ul style="list-style-type: none"> Magnets (NEOMAX® rare-earth magnets; ferrite magnets; and other magnets and applied products)
	Soft Ferrite and Other Soft Magnetic Materials, and Their Applications	<ul style="list-style-type: none"> Soft magnetic materials (soft ferrite; FINEMET® nanocrystalline magnetic material; and Metglas® amorphous metals) and applied products Materials and components for IT devices Materials and components for medical equipment
High-Grade Functional Components and Equipment	High-Grade Functional Components Company	
	Casting Components for Automobiles	<ul style="list-style-type: none"> Casting components for automobiles (HNM™ high-grade ductile cast iron products, cast iron products for transportation equipment, and HERCUNITE™ heat-resistant exhaust casting components) SCUBA™ aluminum wheels and other aluminum components Forged components for automobiles
	Piping Components	<ul style="list-style-type: none"> Piping and infrastructure components (♂™ Gourd brand pipe fittings, stainless steel and plastic piping components, water cooling equipment, precision mass flow control devices, and sealed expansion tanks)
Wires, Cables, and Related Products	Cable Materials Company	
	Electric Wires and Cables	<ul style="list-style-type: none"> Electric power and industrial systems, electronic and telecommunication materials, electric equipment materials, and industrial rubber products
	Automotive Products	<ul style="list-style-type: none"> Electronic components and brake hoses
	Information Systems	<ul style="list-style-type: none"> Information networks and wireless systems

The Hitachi Metals Group is a materials manufacturer that possesses competitive core technologies in the high-performance materials field. We offer global top brand products and develop various businesses related to the automobile, electronics, and infrastructure areas.

Hitachi Metals— Target Sectors

Business Portfolio

Business Segment	Infrastructure	Automobiles	Electronics
High-Grade Metal Products and Materials	High-grade specialty steel		Alloys for electronic products
	Rolls		
	Amorphous metals		
Magnetic Materials and Applications	Magnets		
	Soft ferrite and other soft magnetic materials, and their applications		
High-Grade Functional Components and Equipment		Casting components for automobiles	
	Piping components		
Wires, Cables, and Related Products	Electric wires and cables		
		Automotive products	
	Information systems
